

## Bank Overview

- Santander Bank is one of the largest financial groups in the world. Our business model focuses on retail banking products and services for private customers, SMEs, and corporates.
- We serve more than 148 million customers across our global network of over 11,200 branches.
- Our balanced geographic diversification is the key to resilient and stable growth over the years. Santander operates in 10 core markets where it has high market share: Spain, Poland, Portugal, the United Kingdom, Brazil, Mexico, Chile, Argentina and the United States, and a significant position in Colombia, Peru and Uruguay.

## Corporate & Commercial Banking Information

Santander has over 5 million business customers across multiple sectors, including Manufacturing, Food & Drink, Wholesale & Retail and Transport & Logistics.

Santander offers end to end banking services and products, including:

- International Collections and Payments
- Foreign Exchange
- Import Financing
- Export Advance
- Import Leasing
- International Client Loans
